Trustee
Application Pack

Welcome

Thank you for expressing an interest in becoming a trustee at Bransby Horses. I have been a trustee since 2018 and was elected as chairman in April 2025. I have thoroughly enjoyed my time as a trustee here at the charity, and I hope if selected you will do too.

You will be joining a small board of trustees who all work together to ensure Bransby Horses is well governed, financially sound and is delivering on its Vision and Mission.

The work of our charity is carried out every day by a dedicated team of over 140 individuals based at our main site in Bransby. Regardless of their role, each person is united by a shared commitment to equine welfare. Together, we strive to fulfil our Mission—ensuring that every equine in need is treated with dignity and respect. Every decision we make is guided by what is in the best interests of the equines entrusted to our care.

Within this pack there is more information about the role of a trustee at Bransby Horses and the work that we do here at the charity. You can download our strategy document to review our plans up to 2031 **here**.

If you have any questions which will help you decide whether this role is right for you, please contact our CEO Jo Snell or myself; our contact details are below. Thank you for considering joining the team here at Bransby Horses.

With very best wishes

The Bransby Horses way

Bransby Horses is one of the UK's largest equine welfare charities and we are dedicated to improving the lives of horses, ponies, donkeys and mules. For almost 60 years we have been rescuing and caring for equines in need, and as the demand for our rescue and welfare work continues to rise, we successfully collaborate with others when needed, to achieve the best possible outcome.

We feel incredibly humbled that what started as one man's dream to alleviate equine suffering in 1968, still remains pivotal to the charity's ethos some five decades later.

We are proud of everything we do and of staying true to our heritage. This makes us truly unique; our care of and dedication to these beautiful animals is simply 'the Bransby Horses way'.

We believe that every equine matters.

We will ensure that:

We always make decisions in the best interest of an equine.

We are completely invested in the care we provide.

We offer non-judgmental support to equine carers and owners.

We promote responsible equine ownership.

Every equine is treated with dignity and respect.

What we do

Our Vision

A world where all horses have a life worth living.

Our Mission

To create positive impacts on the lives of horses, ponies, donkeys and mules.

Delivering Our Mission

We are dedicated to improving equine welfare through Rescue, Rehabilitation, Care and Advice & Learning:

Rescue

It is a sad fact that every day in Britain, horses, ponies, donkeys and mules are neglected, mistreated or abandoned, creating the need for rescue. The team here at Bransby Horses are dedicated to rescuing those animals most in need, helping them put tragic or painful pasts behind them and providing them with the secure future they deserve. We offer advice and support to owners so that we can help even more horses before rescue becomes necessary. We reach some of the most neglected and vulnerable horses across the UK. Many new arrivals are suffering from starvation, neglect, injury or disease. Some may also be very frightened of human contact due to previous bad experiences.

Rehabilitation

Rescuing an animal and bringing it into the security of the charity is just the beginning of what may be a long road to recovery. Rehabilitation can take weeks, months or even years but by providing good care, veterinary support and kind handling, most horses will develop trust. Others may never accept human contact. We work closely with each animal, ensuring their rehabilitation programmes are tailored to each of their individual needs. Many horses are rehabilitated to a point where they can go on to enjoy life in a carefully selected foster home. Those that are elderly, have ongoing health issues or remain very nervous will stay with Bransby Horses in sanctuary care.

Sanctuary Care

Bransby Horses is proud to provide so many equines with sanctuary care. Many rescued horses have long-term medical problems that may be difficult or expensive to treat.

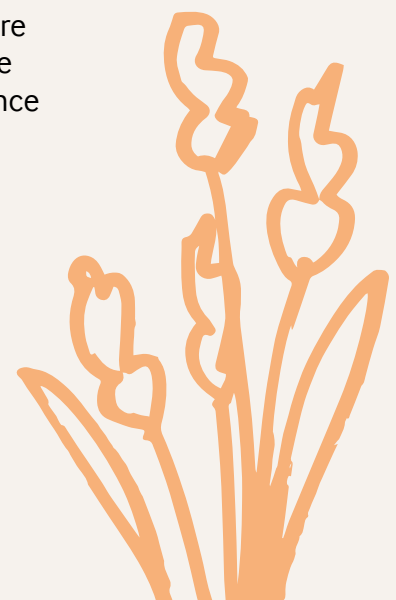

Other horses may be nervous of humans and feel much more secure living within a herd environment. Horses that require a bit of dedication, time and money to look after often struggle to find the special home they need and so are sadly more vulnerable to neglect or abandonment. Rescued animals which require experienced care and handling will always have the security and patience they need here at Bransby Horses.

Advice & Learning

Be the horse's voice. Share knowledge and use creative ways to influence human behaviour about equine welfare.

Rehoming

Bransby Horses' successful Perfect Partner rehoming scheme offers some of our equines the chance to enjoy life in a carefully selected loan home, whilst freeing up time and space at the charity for the rescue and rehabilitation of more animals in need of help.

Our Values

Progressive

We move with the times, planning and adapting ahead of trends. We are open-minded and constantly learning. We are respected for being experts in our field and making correct decisions, extending the scope of our reach through collaborative working.

Inspirational

We inspire people to constantly challenge their perception of equine welfare. We are dedicated to continuing to positively impact the lives of more equines.

Caring

We pride ourselves on being non-judgmental and show compassion to horses and their owners. We care about our environment, our people, supporters and our community.

Knowledgeable

We keep abreast of developments in animal welfare and work collaboratively with others to benefit from their knowledge. We empower our people to identify and implement best practice to achieve positive outcomes.
