

About us

For over 50 years, we have been creating positive impacts on the lives of equines through rescue, rehabilitation, care, advice and education. Today, we support nearly 1,000 horses, ponies, donkeys, and mules, with around 250 living at our peaceful sanctuary and over 600 thriving in foster homes across the UK.

Enjoy Your Time at Bransby Horses

Every horse, donkey, pony and mule you meet here today has a story. Many arrive at Bransby Horses frightened, neglected or with nowhere else to turn.

With time, expert care and compassion, their lives are transformed, and today, they are safe.

Everything we do, every feed, every veterinary treatment, every safe field, is made possible entirely by the generosity of people like you.

If this special place moves you, we warmly invite you to leave a donation today. Your kindness helps us continue our vital work and ensures that horses in need will always have somewhere to go when they need us most.

Thank you for being part of their story
